

Blood Drive for Shane McCooe

Because of you, life doesn't stop.
VitalToLife

Shane McCooe, a seven year old Township resident, was recently diagnosed with B-Cell Acute Lymphoblastic Leukemia. The treatment for Shane's leukemia is an intense, long two years. Aside from chemotherapy, Shane has been the recipient of necessary blood transfusions and blood products since diagnosis. He knows first hand the impact of blood donations. When Shane is not beating leukemia, he loves visiting LBI, rooting on the NY Giants, reading, and building Legos! Shane has also started his own IG account @diaryofabravekid to raise awareness of Childhood Cancer. #shanethebrave
